Dear Sftp1 klkl

To understand yourself is the beginning of wisdom.

You are Principled, Olfactory and Steady Developer

You need to execute your plans, and may face obstacles, have a good sense of direction, will look at the tasks and develop them to the next level, and must be principled and grounded in carrying out the work .

Your physical environment, describe you are: Characteristically Ambivert & Socially Extrovert

You have both introverted and extroverted traits, though neither trait is dominant. You have a more balanced personality. You are able to move between social or being solitary, speaking up or listening carefully with greater ease than either introverts or extroverts. You have a wider range of skills and can connect with a wider range of people. The drawback is that it can sometimes be difficult for you to know which side of your characteristics to lead in a given situation. Hence, you might get stuck, not knowing what energizes you and that you need to understand your approach to feel more motivated.

To describe you the best, you are : A Pragmatist

You are organised, structured, practical and goal-oriented. You are straight-forward and rely on facts and logic. You act in response to particular situations rather than upon abstract ideals and fixed theories. On the down side, you can be inflexible, rigid and dogmatic. To you seeing is believing.

Your Hidden Potential - "Blind Spot" :

You are probably not aware that you are visual, creative, very meticulous and self-centred when it comes to business or work. A law-abiding and conscientious person. Often spends on needs rather than wants. You do not believe in reinventing the wheels, however, you are good at repackaging to suit the needs of the situations.

Your Hidden Potential - "Intuition" :

You are a straight-forward, charismatic & influential leader who demonstrates good interpersonal skills. Often innovative and able to work independently, relies on your emotions for decision-making.

**THAT'S ME,
THAT'S MY
CHARACTER,.**
